

Report for Foundation – August 2016

The club was able to send £1100 to the Foundation during the last Rotary year for which we have been thanked. Also a further contribution to Polio Plus.

Ref International 2015/16

12 Boxes of books – mainly secondary – have left UK for Tacloban. These have been sent to the Ministry of Education for dispersal as appropriate. Cost of shipping was £584 – reduced by over £300 in recognition of the fact that this is a charitable shipment (although I was warned I wouldn't get this sort of discount every time!) I do not anticipate another shipment until maybe late in the Autumn Term. I propose to help recoup the cost through opening the garden at the end of August and October.

The final figures for the concert are available and show an overall loss of £1000. I propose that this be carried forward on my account until the October concert.
