Visioning.

The remit for this committee was to try to provide more 'fun' and 'flexibility' in club activities to include the weekly meetings. The above questionnaire is a result. In addition Ian and Richard have discussed with SK the logistics of variability in the catering arrangements for the occasional meeting – no more than 1 in 8. This is, apparently, feasible so may be taken further.

No other business.

Date of next meeting . 1/8/14 at SK Time 11.30.

Please note change of time and venue which is at request of committee members.
