

Membership Team Report  
Club Assembly  
20<sup>th</sup> June 2022

As the year comes to a close for Malcolm we thank him for all his and the Club's support for our new initiatives. We have held our first Club information lunch, which went well with the next scheduled for 11<sup>th</sup> July to close this year. This will be a format we wish to continue so please we rely on you too to give us details of any names we can contact to grown the Club and will put key dates in the new diary.

As a Club we have worked hard to keep in touch, develop friendship and encourage members to return following lockdown. We will continue this approach. Plans are in hand to have a Safari Lunch in August so anyone willing to help in anyway hosting or desserts are welcomed as this is for us to gather socially with no fund raising element! Daytime with partners in our own homes to reinforce the camaraderie element in our Club which we have been unable to foster during COVID.

Having worked through our Induction process, Membership information and producing business cards shortly we are poised to introduce a membership tab on the website with information and an open invitation for people to contact us directly. Information will also be available in public areas in the Town such as the Library as well as utilising our Facebook page to promote our events and requests for folk to engage with us to find out more advertising our Membership options of Full, Corporate and Associate.

We are aware that a member will not renew and thank them for their service and look forward to welcoming our first Associate Member John Foulks shortly.

So let's work together to help and support each of us as a Club, we will all have district directories for this year as we feel this is a key element to communication and are looking at ways for us to be more visible in the Community, welcoming such events as the Duck Race, Santa Fun Run and Stroke awareness.

Please wear your badge when out and about could be a way to open a conversation and let's work together to grow our Club. All are welcome to our meetings so please contact us with any suggestions of what you would like to see happen or questions. We are a Service for the Club - thank you in advance as we look forward to 2022-23.
