Matters Arising from Previous Meeting

New Member Handbook is currently at printers and is expected next week

Club Visioning has been left off the agenda as it is considered this committee has followed up the matters which affect it.

New Members

Graham and Helen Bett were inducted into the Club on the 24th November

An introduction meeting has been arranged with Fiona Buckton on the 8th December

Eric Hall is in touch with Malcolm Brittain and has invited him to a meeting early in January

Michaela Kelly has expressed an interest in membership and is visiting the Club again on the 5th January

Phil Balding visited the Club in November as a guest of Ian Neale and has expressed interest in membership.

There are three other in the early stages of considering Rotary.

Satellite Club

Mark Frisby, Debbie Shuttleworth and Alison Freer are regular attenders and will be invited to join our Club early in the New Year.

5 other potential members have shown interest.

The members of the satellite are considering a project to provide help and guidance to persons who wish to become self- employed but have no business experience, under the heading of "micro business incubation"

Approach to parents of members of Interact and other young persons involved in Rotary projects

This is a matter principally for the Youth Committee and the President who will presumably sign the introductory letters. DM will bring up at Club Council.

This was introduced to members of Interact on the 2nd December and was well received

Mentoring

It was commented that the two most recent members were not accompanied at a recent meeting.

We need to check that the mentors are functioning as invited.

This is of even more significance in view of the current number of potential new members

Attendance at Club Meetings & Events

DMO will circulate the figures separately, but confirmed there was no change from last month

Any Other Business

District are organising a new members evening early in the New Year.

Date and Time of Next Meeting

2.15 pm on Monday 5th January 2015 at Sysonby Knoll
